## Specialty product packaging and labelling

### Metallized label base paper for beer

Designed for vacuum metalizing  
Outstanding printing results  
Trouble-free at brewers  
Fast wash-off time and cost-efficient cleaning

Metalized labels for beer bottles give remarkable shine and impeccable finish. Metalkote base paper for metalizing offers excellent performance at every step. Our metalized labels for one-way or returnable beer bottles give a premium look with a remarkable shine and impeccable finish. Ahlstrom-Munksjö Metalkote™ base paper for metalizing offers excellent performance at every step to meet the demanding needs of metalizers, printers and brewers.

For over 20 years, Ahlstrom-Munksjö has worked closely with metalizers, printers and brewers to gain in-depth understanding of their needs. The result? Premium labels that really stand out on the shelves.

Once metalized, a reliable base paper for labels must perform at every step of the value chain. Metalkote™ base papers offer the best balance of technical features to ensure maximum efficiency during printing, die-cutting, labelling, and – for returnable bottles – during the wash-off process, too.

#### Key benefits for metalizers:

- Optimized varnish consumption
- Outstanding gloss
- Longest shelf-life
- Maximized metalizing speed
- Excellent embossing capacity

#### Key benefits for printers:

- Maximized offset printing speed
- Excellent die-cutting
- High quality offset printing
- Compatible with gravure printing
- Same grade for neck, body and back labels

## Key benefits for brewers:

- Fast labelling speed
- Fast label pick-up
- Fast and cost-efficient cleaning
- Minimized adhesive use

## Soap packaging paper

Fungicide treated coated papers for sustainable soap bar wrapping and long-lasting mold-free conservation even in warm or humid storage conditions.

Fungicide-treated and sustainable, our Gersan™ one-side coated papers keep soap bars and its packaging in perfect condition. Gersan anti-mold™ papers enable long-lasting conservation, even under very warm and humid storage conditions. It keeps the wrapper impeccable and helps to prevent mold attacking the soap. Furthermore, their proven light stability prolongs shelf life, even in hot and sunny climates.

Ahlstrom-Munksjö Gersan™ paper can be used as such or be laminated with a PET film. Whichever solution you chose, once printed, printing results will just be stunning to support your brand.

## Key benefits

- Anti-mold treated for long-lasting mold-free conservation even under very warm and humid storage conditions
- Excellent printability and high gloss for attractive packaging
- High mechanical properties for trouble-free and efficient converting processes
