Water activated tape backings

High tensile strength to weight ratios
 Superior print quality and tamper proof compatible
 Controlled consistent dimensional stability
 Perfect fit for recyclable, bio sourced packaging tape

WAT stands for Water-Activated Tapes, also called Gummed Tapes.

Ahlstrom-Munksjö MasterTape™ Water Activated Tapes reduce theft, improve productivity in packaging areas, brand image and overall worker safety due to reduction in fatigue and injury.

Base paper properties are fine-tuned to maximize finished tape characteristics and converting state performance (printing, laminating, gumming...).

We have lightweight Machine Glazed (MG) capabilities on multiple assets and the broadest product portfolio of Machine Glazed (MG) and Machine Finished (MF) products using truly natural fibers.
