## TenderGuard™

a unique portfolio of remarkably soft, comfortable, and protective medical fabrics.

Ahlstrom-Munksjö is a global leader in the manufacturing of nonwoven components used in the construction of surgical face masks and gowns.

- **Breathable**
- **Lightweight**
- **Comfortable**
- **Soft**
- **Protective**
- **Gentle on the skin**
- **Non-irritating**

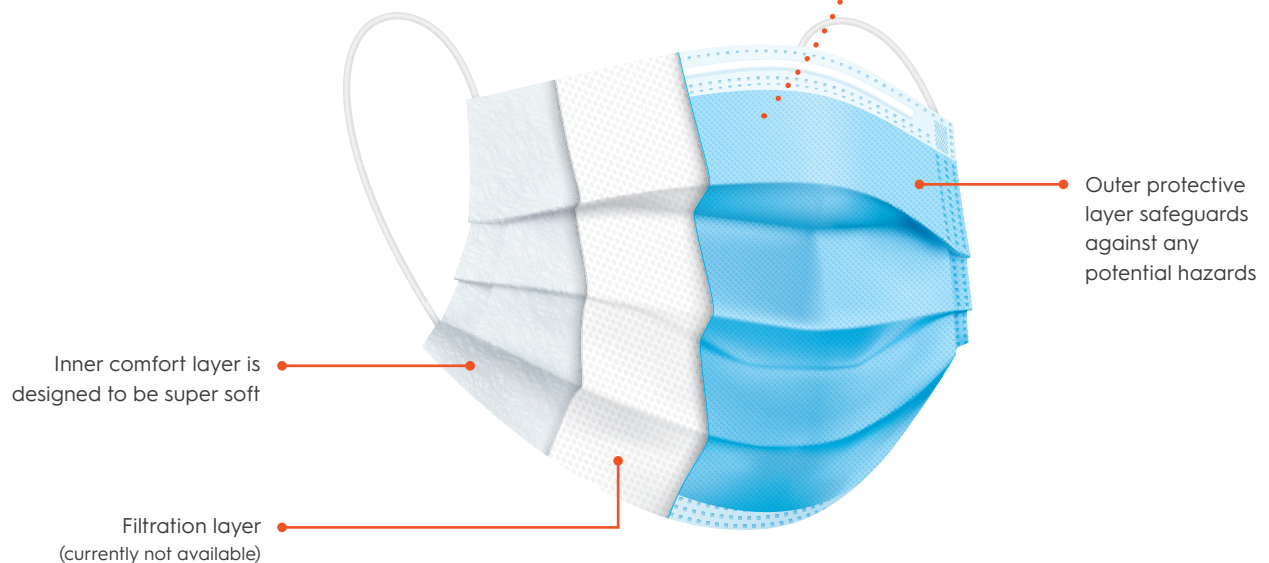

For decades Ahlstrom-Munksjö has been making high performing face mask fabrics that are used to protect health care workers and patients worldwide.

## Face Masks

- Cover the mouth, nose and chin
- Provide a barrier to minimize the transmission of infective agents from the mask wearer to the environment
- Protect the wearer from droplet transmission and infections
- Typically produced with 3 layers of nonwoven materials

Ahlstrom-Munksjö **Medical** produces 2 layers, the inner and outer layer of a face mask.

# TenderGuard™ puts you ahead of the competition

Whether you need an inner or outer face mask layer, or both, Ahlstrom-Munksjö has you covered.

Our unique technology produces super soft fabrics used to make a face mask that is extremely comfortable for the wearer.

## TenderGuard™ Natural

Made with natural fibers, our wetlaid fabrics can be used as the inner or outer layer of a face mask.

The middle layer provides the majority of the filtration in a face mask. However, with our inner and outer layers together,

**TenderGuard™ Natural** achieves nearly 50% Bacterial Filtration Efficiency.

**TenderGuard™ Natural** is environmentally friendly\* and, our inner layer is hypoallergenic, perfect for those with sensitive skin.

Inner comfort layer

- Basis weight 18.6 gsm
- Available in white

Outer protective layer

- Basis weight 18.6 gsm
- Available in white, green or blue

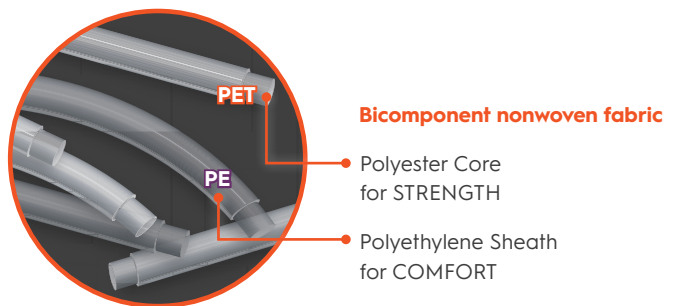

## TenderGuard™ Smooth

Our bicomponent spunbond fabrics are made with a proprietary technology that minimizes raised fibers. This creates a smooth surface that is super soft and comfortable which is essential when it comes to wearing a face mask.

**TenderGuard™ Smooth** is strong and flexible allowing for the opportunity of high speed production.

Inner comfort layer

- Basis weight 20.0 gsm
- Available in white and blue

**Safety and comfort are essential for surgical apparel. The right surgical gown protects health care professionals from hazardous pathogens while keeping them comfortable.**

**TenderGuard™ SMS** surgical fabric is designed soft for superior comfort, low lint and lower basis weights.

**TenderGuard™ SMS** surgical fabric has high repellency to protect against low surface tension liquids such as blood, body fluids and alcohol.

## The Ahlstrom-Munksjö difference

Protection.

Comfort.

Performance.
