Non-heat-sealable teabags

Ahlstrom-Munksjö offers the ideal filter web for every infusion application. Designed to suit the changing needs of our customers, our products set the standard for teabags.

Classic (non-heat-sealable) filter webs

For conversion on non-heatseal teabag packing machines, our Classic portfolio of advanced products delivers excellent infusion, outstanding tea blend retention, high yield conversion with a minimal rejection rate, superior crimp strength and head fold stability.

Classic grades are manufactured with Ahlstrom-Munksjö's patented "binder technology".

Optimized for conversion on non-heat-seal teabag packing machines, these innovative products guarantee efficiency on your production lines.

Regulations

All materials used to manufacture these grades are certified in accordance with US FDS regulation 21 CFR176.170 and/or EU regulation 1935-2004.

Applications

Ahlstrom-Munksjö's Classic filter webs are designed for double chamber teabag packaging machines.
